Julie –

Please ignore the file named “HPNS Structures BPRG Inputs and Results_1Oct19_WP.xlsx.” It’s a duplicate of the file titled “HPNS Structures BPRG Inputs and Results_1Oct19.xlsx” with some calculations and highlighting that I added.

Stuart – Thanks.

Julie – Attached are the BPRG Hunters Point input and output files provided by the Navy. I will send the RESRAD BUILD files in a second email.

Please email or call with any questions

Hi Wayne, I talked with the Army Corps today about doing an evaluation to determine why the Navy RESRAD Build and EPA's BPRG runs have significant differences, both for fixed/3D and removable/dust. Can you provide to Julie and I with all of the EPA and Navy runs that you wanted evaluated? I am on annual leave this holiday season but am reachable by cell phone.
